

THE COMPANY:

DSA was established in 2004 and has been growing not only in its home country in Hong Kong but all over the world as well. It is known for having a wide range of decorative glass solutions that are both aesthetically appealing and functional.

WHY CHOOSE US:

CREATIVITY

In order to keep up with the latest trends in the industry, a team of specialized designers constantly create new designs with glass. This same set of designers also work hand-in-hand with the customers to achieve their own custom-made works.

QUALITY CONTROL

The brand is well-known for its high quality materials, and since each piece is custom-made for the customer, the manufacturing process is scrutinized at each step to ensure that the product is exactly how the customer envisioned it.
